

## BS IN PUBLIC HEALTH and WELLNESS

Candidates are eligible for a Bachelor degree in PHW, when they have achieved the following:

**Standard requirements to graduate:**

- All Basic Skills requirements have been completed if necessary
- All appropriate Rowan Core courses, free electives and major courses have been completed
- Qualifying GPAs: **Overall GPA of 2.0**
- No "Incomplete" grades (IN) for any course required for the BS in Public Health and Wellness
  - It is always recommended that you meet with your advisor once a semester to assure you are on track with courses/grades and prerequisites.

**After all above has been completed with successful grades:**

We encourage all classes to a C or better because we build upon content and the expectation is that students will have a good understanding of the content.

Senior Internship in HES – Required Grade is a C

- Must have completed your 80 hours of professional development prior to starting
- Must identify a potential site prior to meeting with Internship Coordinator
- 400 hours at an approved location by Internship Coordinator

**Course Repeat Policy:**

Rowan University stipulates that the same course may not be taken more than twice including withdrawals. In addition, please note that the Health and Exercise Science Department has an internal repeat policy.

**Application for Graduation:**

Candidates can apply for graduation with a BS in Public Health and Wellness after successfully completing all of the requirements.

Student: I have read and I understand all the requirements for graduating from this program.
